**Re: Postponement of Tourism Seminar in Hadera, 2013**

Dear Simoné,

Following your phone conversation (June 4<sup>th</sup>) with Shiri Steinhardt Sela, Projects Manager in the International Affairs Division in ULAI, we would like to officially confirm that ULAI has decided to postpone the seminar, mutually organized by us and your organization and planned to be held on June 18<sup>th</sup>, for Israeli and French cities, in the field tourism.

Owing to the lack of French participants in the afore-mentioned event and in order to ensure high-profile and mutually beneficial outcomes, we believe both sides would gain from organizing such an important event at an alternative time.

As agreed, we suggest holding such an event after the municipal elections in Israel, in October 2013, and those in France in March 2014, namely in November 2014.

We look forward to our future cooperation.

Sincerely,

Ruth Wasserman Lande  
Deputy Director General for  
International Affairs  
Union of Local Authorities in Israel
